SOUTH CHINA UNION---TUNGSHAN INTERMEDIATE SCHOOL

A communication from Brother C. S. Sissons, Secretary-treasurer of the South China Union, calls attention to an action of the Board of Trustees -of the Tungshan Intermediate School, requesting that the Mission Board supply the Canton School with a foreign teacher at an early date.

In view of the need of the South China Union for teaching and evangelistic help in the Cantonese language area because of the illness of Brother H. B. Parker with sprue and the withdrawal from the field of Pastor H. C. Cooper, it was---

VOTED, That the Home Board be requested to send out, as the worker allowed the South China Union in their revised 1921 Budget, an experienced educational man capable of doing evangelistic work as well as school work. (p.608)

Since it has been found that the cost of bringing in and installing electricity in the Shatien property, formerly considered as a suitable location for the Far Eastern Academy, is prohibitive, therefore

VOTED, That we rescind the former action authorizing the renting of the Shatien property for the use of the Far Eastern Academy. (p.1055)

EDUCATIONAL WORK --- EMERGENCY ARRANGEMENTS

Whereas, The state of emergency which now exists in many parts of China has made it necessary for our mission to make some special arrangements for the conduct of our educational work, and

Whereas, The China Training Institution is located in the Shanghai-Hangchow-Nanking Triangle where hostilities make it impossible to carry on regular institute work at present in that place, and

Whereas, The government authorities of the Kwangtung Province have forbidden primary schools and junior middle schools to open in Canton at this time, and

Whereas, It is imperative that the training work for our young people should go on especially in those most serious times when they need special guidance and instruction in meeting this emergency, therefore

WE RECOMMEND, 1. That special efforts be put forth in Tsinan, Yencheng, and Kowloon to arrange institute work for the usual students as well as for those Chiao Tou Tseng students who cannot now attend the China Training Institute.

2. That temporary quarters be rented in the Kowloon new territories for our South China Union Training Institute work, and that plans for the building of the new school site be pushed forward.

3 That P. E. Quimby and family, and Li Ming Ih of Chiao Tou Tsong be assigned to assist in the work of the South China Union Training Institute; F. A. Landis and family, Ho Ping Dwan, and Meng Djung I of Chiao Tou Tseng assist in the work of the Yencheng Training Institution, and C. L. Blandford assist in the work of the Home Study Institute in Hongkong. Thus the educational work to be done in all these places may be strengthened in this time of national emergency.

4. That an emergency appropriation of \$3,000 Hongkong currency be made to help moot the special expense of temporarily locating the South China Union Training Institution in the new territories. (p.1056-57)

CHINA TRAINING INSTITUTE -- SPECIAL APPROPRIATION

The matter of the housing of the China Training Institute for the coming school year was given consideration: and inasmuch as the present location at Shatin is not suitable for various reasons as a place to further conduct the work of the China Training Institute, and inasmuch as it has been proposed to use for the time being the new buildings of the South China Junior Training Institute situated in the New Territories at Kowloon, and further

Inasmuch as there are a number of buildings that have not been completed and

one or two more that should be built in order to properly care for the attendance of the China Training Institute, including the attendance from the South China field which would under ordinary circumstances be using the buildings of the South China Junior Training Institute, and in view of the shortage of funds with which to complete this school plant and make it accessible as a place to carry on the work of the China Training Institute for the coming school year, opening in September, it was

VOTED, That a request be placed with the General Conference for a special appropriation of \$10,000 U. PRESIDENT'S REPORT:

Pastor E. L. Longway, acting-president of the China Division, rendered a report of the work in the Division for 1942. He mentioned the situation as it existed one year ago, when the entire Division was cut off from the Division office which had been temporarily established in the Philippine islands. No one left in the field hardly knew what to do, but the Lord opened the way and in a very short time the work was reorganized by an acting staff for the Division being appointed and the headquarters being established at Chungking. He also made mention of how air South China Union workers in the Hongkong area were able to evacuate and locate at Laolung, of how God blessed in the moving of the China Training Institute from Kowloon to DaBao, Szechuan, and of the opening of the Publishing House at the same location. He spoke of the faithfulness of the departmental leaders carrying on as they have under present conditions. While the results in soul saving have not been as large as it was hoped they would be, yet God has led by 437 being baptized. Had the results been as good as the Ingathering receipts there would have been a large ingathering of souls. Mention was made of how the General Conference has responded by granting appropriations for the needs in this field. Truly we have much for which to be thankful. (p.4-5)

1981/82, SCUC renamed HKAC, there was no record in the FED minutes.

From 1984/85 to 2007/08, Sam Yuk Middle was administratively independent from HKAC.

In 1990s, part of the campus was sold, and some new buildings were erected.

NSD EDUCATION AND ENGLISH LANGUAGE SCHOOLS DEPARTMENT

REPORT FOR NSD ANNUAL COUNCIL

OCTOBER 31-NOVEMBER 3, 2008

Chinese Union Mission (CHUM) has been facing the pressures of changing trends resulting in the closure of 2 schools (Hong Kong Sam Yuk Secondary School [HKSYS] on Hong Kong island, and Sam Yuk Middle School [SYMS] located on the same campus as Hong Kong Adventist College [HKAC]), which were funded by the HK government. However, the Union and the College have seized the opportunity to reinvent a form of education that refocuses on providing Adventist Christian Education on the campus of Hong Kong Adventist College to their constituency. It is called a "through-train" education system. The newest institution is the Hong Kong Adventist Academy (HKAA) and it was surveyed by a team from the Northern Asia-Pacific Division Commission on Accreditation (NSDCA) from September 7-9. The survey team recommended that it be granted candidacy status through the NSDCA to the Accrediting Association of Seventh-day Adventist Schools, Colleges, and Universities (AAA) for 2 years with annual reports to the Union and Division Education Departments. It is like starting Adventist Education all over again but keeping true to its name by having 100% Adventist faculty for all the institutions within that campus so that the mission emphasis can appropriately realized.
